

**CORPORATE ALLOCATION SERVICES AWARDED U.S. DEPARTMENT OF ENERGY  
NATIONAL NUCLEAR SECURITY ADMINISTRATION  
TECHNICAL AND ENGINEERING SUPPORT SERVICES CONTRACT**

*WESTMINSTER, CO, Nov. 23, 2012* – Corporate Allocation Services, Inc. has been awarded a Technical, Engineering and Programmatic Support Services Blanket Purchase Agreement (BPA) from the U.S. Department of Energy National Nuclear Security Administration. The multiple award, five-year, \$300 million BPA enables Corporate Allocation Services and its team to compete for task orders. Corporate Allocation Services and its team members are one of eight teams that were selected for this BPA.

Team members of the company include Navarro Research and Engineering, Excalibur Associates, and Computer Science Corporation. Contractors on the BPA will bid on task orders to provide program management, nuclear engineering and nonproliferation, security management, environmental management and other support services.

*"Corporate Allocation Services has been supporting DOE since the late 1990s and we are proud of our record as a reliable partner able to respond rapidly to client requirements,"* said Todd Bontrager, Senior Vice President of the company. *"We have demonstrated our ability to manage BPAs and provide innovative and affordable technical support solutions – qualities we will apply to this program."*
